### **EXAMINER'S AMENDMENT**

1. The following is an examiner's statement of reasons for allowance: the prior art does not teach or disclose a discharge lamp lighting apparatus comprising, in combination with the remaining features of the claims, means for generating a correction signal used to correct the output power command value in conformance to a power detection signal and outputting the correction signal in synchronization with a polarity inversion of the AC rectangular wave power; means for receiving the output power command value, the correction signal and the power detection signal and outputting a signal corresponding to the error of the power detection signal relative to the corrected output power command value; and means for implementing pulse width control on the converter based upon the signal provided by the receiving means

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to David Vu whose telephone number is (571) 272-1831. The examiner can normally be reached on M-F 8am-430pm.
